

Orange Digital Center

Certify that

Mark Medhat

**has successfully completed
Electronics |**

From 11/05/2025 till 12/24/2025 (Duration :20H)

Passing through the following topics:

- Semiconductor Physics & P-N Junction
- Diode Characteristics & Modeling
- Signal Conditioning
- BJT Fundamentals
- Small-Signal AC Analysis & Amplification
- Impedance Matching & Signal Integrity
- Integrated System Design & Precision Regulation
- Applied Circuit Design & Simulation
- Capstone Project: Design of a High-Impedance Input Stage with Multi-Stage BJT Gain & Precision Regulation

Grade 99%
